These lands are all in the Birtle district, on or near the proposed extension of the Portage, Westbourne & North Western Railway. As the railway is expected to reach Birtle in the fall of 1883, the lands in this district must increase rapidly in value, and at the price asked *en bloc* present a most inviting opportunity for a safe and profitable speculation.

Birtle is regarded as the best agricultural district in the Province, the soil being of excellent quality and the picturesqueness and beauty of the country, well wooded and watered, entitling it to be called the Garden of the Province.
